JUST 100 YEARS AGO - 1903

THOUGHTS ON BOB HOPE

Over the last couple of weeks we've all watched the memorial newscasts about Bob Hope and his amazing life story. Of course being in the antiques business, we often think about life in the past, however, the following is a list of common facts offered as food for thought. It's truly remarkable to think of Bob Hope living twice as long as the average life expectancy and even more remarkable to think about all the lives he's touched. In this world of unsung heroes Bob Hope is truly an American icon!

The average life expectancy in the U.S. was 47 years

- Only 14 Percent of the homes in the U.S. had a bathtub.
- Only 8 percent of the homes had a telephone. • A three-minute call from Denver to New York City cost eleven dollars. • There were only 8,000 cars in the U.S., and only 144 miles of paved roads.
- The maximum speed limit in most cities was 10 mph. • Alabama, Mississippi, Iowa, and Tennessee were each more heavily populated than California. • With a mere 1.4 million residents, California was only the 21st- most populous state in the Union. • The tallest structure in the world was the Eiffel Tower. • The average wage in the U.S. was 22 cents an hour. • The average U.S. worker made between \$200 and \$400 per year, making the \$11. phone call near impossible. • A competent accountant could expect to earn \$2000 per year, a dentist \$2,500 per year, a veterinarian between \$1,500 and \$4,000 per year, and a mechanical engineer about \$5,000 per year. • More than 95 percent of all births in the U.S. took place at home. • Ninety percent of all U.S. physicians had no college education. Instead, they attended medical schools, many of which were condemned in the press and by the government as "substandard." • Sugar cost four cents a pound. Eggs were fourteen cents a dozen. Coffee cost fifteen

cents a pound. • Most women only washed their hair once a month, and used borax or egg yolks for shampoo. • Canada passed a law prohibiting poor people from entering the country for any reason.

The five leading causes of death in the U.S. were:

1. Pneumonia and influenza
2. Tuberculosis
3. Diarrhea
4. Heart disease
5. Stroke

The American flag had 45 stars. Arizona, Oklahoma, New Mexico, Hawaii, and Alaska hadn't been admitted to the Union yet. • The population of Las Vegas, Nevada, was 30 • Crossword puzzles, canned beer, and iced tea hadn't been invented. • There was no Mother's Day or Father's Day. • One in ten U.S. adults couldn't read or write. Only 6 percent of all Americans had graduated high school. • The Wright Brothers completed their first flight, for a distance of 852 feet. • Marijuana, heroin, and morphine were all available over the counter at corner drugstores. According to one pharmacist, "Heroin clears the complexion, gives buoyancy to the mind, regulates the stomach and the bowels, and is, in fact, a perfect guardian of health." • 18 percent of households in the U.S. had at least one full-time servant or domestic. • There were only about 230 reported murders in the entire U.S.

This "Housekeeper's Alphabet" is from the book "Keeping Hearth & Home in Old Texas". It also reflects what life was like in the late 1800's Victorian Era and offers every house wife some very insightful how-to's:

Apples: Keep in dry place as cool as possible without freezing • **B**rooms: Hang in the cellar-way to keep soft and pliant • **C**ranberries: Keep under water in cellar; change water monthly • **D**ish of hot water set in oven prevents cakes from scorching • **E**conomize time, health, and means and you will never beg • **F**lour: Keep cool, dry and securely covered • **G**lass: Clean with a quart of water mixed with a tablespoon of ammonia • **H**erbs: Gather when beginning to blossom; keep in paper sacks • **I**nk Stains: Wet with turpentine; after three hours, rub well. • **J**ars: To prevent, coax "husband" to buy a Buckeye Cook Book. • **K**ee an Account of all supplies with cost and date purchased • **L**ove lightens labor. • **M**oney: Count carefully when you receive change • **N**utmeg: Prick with a pin, if good, oil will run out • **P**arsnips: Keep in ground until spring. • **Q**uicksilver and white of an egg destroy bedbugs • **R**ice: Select large with a clear, fresh look, old rice may have insects • **S**ugar: For general use, granulated is best • **T**ea: Equal parts of Japan and green are as good as English breakfast. • **U**se a cement made of ashes, salt and water for cracks in stove • **V**ariety is the best culinary practice. • **W**atch your backyard for dirt and bones • **X**antippe (wife of Socrates) was a scold. Don't imitate her. • **Y**outh is best preserved by a cheerful temper. • **Z**inclined sinks are better than wood • **L**et your mind wander to 100 years from now - please always keep in mind how your actions today will affect seven generations from now.
